

2020 NATIONAL SERVICE-LEARNING CONFERENCE®
Unmask Your Potential

April 16-18, 2020 New Orleans, La.

The National Service-Learning Conference highlights and promotes service-learning as a way of teaching and learning that builds academic and citizenship skills while renewing communities. It is the only major national conference that provides professional development to a diverse audience of K-H educators, administrators, pre-service teacher education staff and faculty, researchers, youth leaders, partners, parents, program coordinators, national service members, community-based organization staff, policy-makers, and corporate and foundation officers.

Service-learning is democracy in action. It's young people taking notice of inequities where they see them, and taking steps to address them. It's educators joining in partnership with students, to make education fair and meaningful for all. It's problems that need solving – environmental justice, economic justice, human rights – solved by those least likely to be asked to solve them, but to whom those solutions matter most.

Join us in action. Create. Demonstrate. Lead. Facilitate. Serve. Organize. Resist. Triumph. Do something. If you dream of a just world like we do, let's make it happen.

Whether you're young or young at heart, we're confident this conference will inspire you to make a difference in the world. When you attend the National Service-Learning Conference®, you join hundreds of students, educators, and government leaders from across the country and around the globe. This event provides the tools, resources, ideas, and support you need to return home and make positive changes in your schools and communities.

Join us in celebrating 31 years of growing youth as leaders!
